

# North Pike Class of 2020!

Dear Parents and Students,

I wanted to take a minute to assure you that the North Pike School District "Class of 2020" will graduate and will have a full graduation ceremony!!!

I realize the importance of this event and value the work that has been invested in arriving at this momentous occasion. We will have a proper ceremony when the time is right. I want to be sure that every student, parent, guardian, grandparent, and great-grandparent will have the opportunity to be in attendance to share this event. We thank you for understanding that to make that a possibility it will delay the ceremony for a time.

Please stay safe and do not worry about this issue. We have this covered. Your High School Administration will work tirelessly as usual to ensure that this show goes on, as soon as safety is no longer at risk from large gatherings.

On the up-side you will certainly have the longest spring break in history!

We care for you and hope you are all following the guidelines for COVID-19.

Sincerely,  
Dennis Penton
