Further, such parents, legal guardians, and students agree to abide by and follow all rules or school board policies as are obtained in the official policy handbook located at the district office of the North Pike School District at 1036 Jaguar Trail, Summit, Mississippi, copies of which are located at all schools.

Further all parents, legal guardians, and students agree and are hereby informed that all students of the North Pike School District are subject to questioning or being taken into official custody while at school by any appropriately appointed law enforcement official or department of human services agent investigating an official case upon oral or written court order of the Pike County Youth Court, County Court, Circuit Court, or Chancery Court of the State of Mississippi.

The North Pike School District grants equal educational opportunities to all qualified persons regardless of race, creed, color, sex, national origin, marital status, or physical or mental handicap. It is the intent and desire of the North Pike School District that equal educational opportunities are provided in any and all educational programs and activities.

ADMISSIONS

COMPULSORY ATTENDANCE AGE

A compulsory-school-age child is defined as a child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year. This also includes any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in Kindergarten. The parent/guardian of a kindergarten student shall be allowed to withdraw the child from Kindergarten one time and that child shall not be deemed a compulsory-school-age child until the child attains the age of six (6) years. Students excluded from this requirement are those determined to be incapable of school attendance by school officials as based on medical documentation or an identified handicapping condition and those in a legitimate home instruction program as determined by an attendance officer.

If a compulsory-school-age child has not been enrolled in school within fifteen (15) calendar days after the first day of the school year or if a student has accumulated five (5) unexcused absences during the school year, the principal shall report such absences to the school attendance officer of the youth court within two school days or within five calendar days, whichever is less, according to the method prescribed by the State Department of Education and on the form designated for that purpose by the district. For complete details, please refer to 37-13-91 as amended by the Mississippi Legislature and signed by the Governor of Mississippi in the 2013 Legislative Session.

LEGAL REFERENCE: MS Code 37-13-91, 37-13-92.

2. Present withdrawal documentation from the child's previous school district
3. Present a certified birth certificate (long form)
4. Present a copy of the child's Social Security card
5. Present verification of all required immunizations
6. (Kindergarten enrollment only) Present proof of the child's age of five (5) years on or before September 1 of that school year
7. Fill out all required enrollment documentation

Any child in grades 2-12 who fails to present a certified birth certificate within 60 days from the opening of the fall term shall be withdrawn from the North Pike School District until compliance.

No child shall be enrolled or admitted to a kindergarten program of the North Pike School District unless that child will be five (5) years of age on or before September 1 of the current school year.

No child shall be enrolled or admitted to the first grade of any school in the North Pike School District unless that child will be six (6) years of age on or before September 1 of that school year.

Any child who transfers from an out-of-state school in which that state's law provides for a first grade or kindergarten enrollment subsequent to September 1, shall be allowed to enroll in school at the same grade level, if:

1. The parent/legal guardian, or custodial parent of the child was a legal resident of the state from which the child is transferring.
2. The out-of-state school from which the child is transferring is duly accredited by that state's appropriate accrediting authority.
3. The child was legally enrolled in school for a minimum of four weeks in the previous state.
4. The superintendent has determined that the child was making satisfactory educational progress in the previous state.

LEGAL REFERENCE: MS Code 37-15-9.

LEGAL GUARDIANSHIP

If you are the legal guardian of a student, you must provide a copy of the court order appointing you as guardian. If a petition for guardianship has been filed and the decree is pending, you must provide a certified copy of the filed petition for guardianship signed by a judge.

In the case of divorce, official court documentation will be required to verify custody.

NOTE: Any legal guardianship formed for the purpose of establishing residency for school district attendance purposes shall not be recognized by the North Pike School District.

LEGAL REFERENCE: MS Code: 37-15-31, 1998 Supplement.

STUDENT LIVING WITH ADULT OTHER THAN PARENT/GUARDIAN

If a child is living with an adult other than parents or legal guardians, in loco parentis, authority will be recognized to establish residency of the minor in situations that include but are not limited to:

1. Death or serious illness of the child's parent/guardian
2. Abandonment of the child
3. Child abuse or neglect
4. Unstable family relationships or conditions in the home of the parent/guardian having a detrimental effect on the child
5. Students enrolled in recognized exchange programs residing with a host family other appropriate documentation/verification

TRANSFER STUDENTS

Parent/legal guardian or custodial parent may be required to meet with the school principal prior to student enrollment. Transfer students will be permanently enrolled and placed in a grade or class on the basis of an official transcript from the last school attended. If the official transcript has been lost or destroyed, the last school attended shall be responsible for initiating a new record.

If the last school attended is not appropriately accredited, the student seeking enrollment will be required to take a test(s) to determine the grade/class assignment. The principal will place the student in the grade/courses best suited to his educational achievement level, needs, and abilities.

Mississippi Code: 37-11-01

EXPELLED STUDENTS

Parent/legal guardian or custodial parent must indicate on registration information if the student requesting enrollment has been expelled from a private or public school or is currently a party to an expulsion proceeding. If it is determined from the child's cumulative record or application for admission that the child has been expelled, enrollment may be denied until the superintendent or his designee has reviewed the child's cumulative record and determined that the child has participated in successful rehabilitative efforts.

If the expulsion or expulsion proceeding involves an act of violence, weapons, alcohol, illegal drugs, or other activity that may result in expulsion, the North Pike School District is not required to grant admission before one calendar year after the date of expulsion.

IMMUNIZATION OF STUDENTS

The District shall require students attending District schools to be vaccinated against diphtheria, measles, mumps, poliomyelitis, rubella, tetanus, and whooping cough, hepatitis B and chickenpox (unless child has a history of chickenpox). These requirements, as stipulated by the Mississippi Department of Health, are to be recorded in the permanent record. Such vaccinations shall be made prior to enrollment, or shall be completed within the date specified on Form 121. The principal shall enforce the immunization requirements, withdrawing any student not in compliance. Such withdrawals shall be in effect until compliance is validated.

A Certificate of Immunization Compliance (Form 121) or a Certificate of Medical Exemption shall be on file on each student enrolled. The principal shall provide information to the Mississippi State Board of Health relative to the immunization status of students in the school via forms provided by that agency. Please note that all 7th graders must have a new and updated Form 121 that shows evidence of the additional immunization that is now required by law effective for the 2012-13 school year.

ATTENDANCE

STUDENT ABSENCES

The district recognizes that regular attendance is important if students are to attain maximum benefit from the educational process and develop good work habits that carry over into their adult life. Parents and students are expected to abide by the Compulsory School Attendance Law. When absences do occur, school personnel will classify the absence as excused or unexcused.

According to Mississippi Law, a student shall be counted present for average daily attendance record keeping purposes if he/she is present for 63 percent of the day (or 208 minutes, approximately 3.5 hours) any portion of the regular school day in grades K-12. Tardies and early dismissals will be considered when determining perfect attendance and exemption status.

Student attendance is essential during mandatory state testing, district nine-weeks testing, and or exams, etc. If a student is absent for one of these tests he/she will be given an unexcused absence. The unexcused absent will not allow the student to make up the assessment and will have a negative bearing on the students GPA. The school may accept a medical, legal excuse or court appearance. In this case, the student will receive an excused absent and will be allowed to make up the assessment. State Mandated Tests, MS Code 37-13-91

Progress reports sent to parents shall indicate grades and the attendance record of the student to date.

EXCUSED ABSENCES

Each of the following will constitute a valid excuse for temporary non-attendance of a compulsory school age student enrolled in school, provided satisfactory evidence of the excuse is provided to the principal of the school:

1. Authorized school activities,
2. Illness or injury of the student,
3. Isolation of the student by health officials,
4. Death or serious illness of a member of the immediate family of the student,
5. Medical or dental appointments,
6. Proceedings of a court when the student is a party to an action or is under subpoena,
7. Observance of religious events,
8. Educational opportunities such as travel including vacations or other family travel with the prior approval of the principal,
9. Other emergency or unusual conditions subject to the approval of the principal.

All absences must be duly documented by parent/guardian with a telephone call to the school on each day of absence. Telephone calls are not accepted on the day the student returns to school. Written notes from parents/guardians or medical/dental excuses must be received on the day of return to school if the absence is to be excused. The student must present a signed written excuse from a parent (to include a signed school generated Parent Excuse Form), guardian, or doctor on the day the student returns to school unless permission to be absent was granted by school officials before the absence occurred.

The written excuse should contain:

- The date written • Full name of the student • The date(s) the student was absent • The cause of the absence • The signature of the parent, guardian, custodian, or doctor • The phone number where parent, guardian, or custodian can be reached. After three (3) excused absences per semester, a doctor's excuse will be required for excusing an absence. Exceptions can be made by the principal when extreme circumstances arise.

UNEXCUSED ABSENCES

An unlawful or unexcused absence is an absence during a school day that is not due to a valid excuse. Students shall not be allowed to make up work. Reports will be submitted within two (2) school days to truancy officers whenever a student has accumulated five (5) unexcused absences or within five (5) calendar days, whichever is less.

MAKE UP WORK

Students who receive an excused absence or suspended students will not be penalized in grading, provided they make up the work missed. The amount of time for make-up work will be equal to the number of days of excused absences plus one additional day. All work must be made up within a grading period. If the work is not made up during the term in which the absence occurred, a zero may be given for all work missed. Makeup work for suspension will be given upon return to school. It is the student's responsibility to request makeup work. A teacher may provide work prior to return at his/her discretion.

ABSENCES – SCHOOL ACTIVITIES

A student who is absent or suspended from school for one (1) academic class period or all day cannot participate in school activities or events that day, night or immediate weekend. Exceptions must be approved by the principal. Documentation may be required.

PERFECT ATTENDANCE

Perfect attendance is defined as being present 100% of the time that school is in session while the student is enrolled in the district. Any tardy, absence, or early dismissal makes the student ineligible for the recognition. School related absence for official school sponsored activities will not count as an absence. (Refer to High School exemption status in reference to perfect attendance see page 12)

EARLY DISMISSALS

Due to safety precautions, no student dismissals will be allowed at the end of the school day—[Dismissals should be **prior to 2:30 pm at NPES, prior to 2:10 pm at NPMS and prior to 2:30 pm at NPHS.**] Additionally, students will not be dismissed while a district or state test is being administered so that distractions and potential test security violations can be avoided. These tests are nine week's tests, semester exams, and all state mandated tests. Students will not be allowed to check out early on early release days. Parents or Guardians must pick up his or her child in the car pick up line.

ATTENDANCE RECORD KEEPING

A student shall be counted present for average daily attendance record keeping purposes if he/she is present at least 63% of the regular school day in grades K-12.

LEGAL REFERENCE: MS Code 37-13-91 (revised 8/2013 HB 1530)

TRUANCY

If a compulsory school age child has not been enrolled in school within fifteen (15) calendar days after the first day of the school year or if a student has accumulated five (5) unexcused absences during the school year, the principal shall report such absences to the school attendance officer within two (2) school days or five (5) calendar days, whichever is less. The method prescribed by the State Department of Education shall be followed when reporting such unlawful absences. Forms designated for that purpose by the district shall be used.

The parents or guardian of a compulsory age child is expected to enroll said child in school unless the child is determined by school officials to be incapable of school attendance as based upon medical documentation, a handicapping condition, or documentation that the child is enrolled in a legitimate home instruction program as accepted by school attendance officer. Parents, guardians, or custodians failing to comply with compulsory attendance laws will be subject to punishment within the provision of section 97-5-39, Mississippi Code of 1972. Parents are expected to accompany the student back to school for re-admittance after each act of truancy. Truancy shall be recorded as unexcused absences.

LEGAL REFERENCE: MS Code 37-13-91, 37-13-92.

TARDINESS TO SCHOOL

A student is tardy for school if he/she arrives at school after the tardy bell has rung. A tardy slip must be secured from the office prior to admittance to class. A student who is tardy cannot be considered for perfect attendance. Parents of students in grades K-8 are expected to accompany the child into the building when the child is tardy to school.

TARDINESS TO CLASS

A student is tardy for class if he/she arrives in the class after the class period has officially begun or the bell has sounded. The tardy must be recorded by the principal or his/her designee prior to the admittance to class. Tardies to school and class may be excused or unexcused at the discretion of the principal or his/her designee. Any student who receives an unexcused tardy for being late to school or for being late to class may be disciplined in a manner deemed appropriate by the principal or his/her designee. Such discipline can include, but is not limited to, detention and in-school suspension. Tardies to school and class will be counted per semester of the school year, and all tardy reports will be kept on file in the principal's office.

1. Promptness is a virtue that becomes a habit. The district strongly encourages development of this habit.
2. Students are expected to be in class on time. Each school site has an administrative policy on this issue.
3. North Pike Elementary tardy bell rings at 7:50. Check in after this time are tardy and will require student to be signed-in.

ACADEMIC ISSUES

ASSIGNMENT OF STUDENTS TO CLASSES AND GRADE LEVELS

A student transferring from a state or regionally accredited school will be enrolled at the grade level and with the course credits indicated by the records of the previous school.

A student transferring from a school or program (correspondence, tutorial, or home study) not accredited by an institutional accrediting agency recognized by the U. S. Secretary of Education or a state board of education (or its designee[s]) will be accepted for enrollment with temporary grade and class assignment comparable to that of the transfer school. A standardized achievement test(s) will be administered to determine appropriate classification of the student within thirty days after filing for transfer. Notice of the administering of such tests shall be given to the applicant not less than five days prior to the administration of the test(s). Students transferring from a private school that is not accredited regionally or by the State will be required to pass any end-of-course subject area test in any course the school accepts Carnegie units earned by the student as fulfilling requirements for a diploma.

The school principal will have the right, after the evaluation and testing of the student, to place the student in the grade or courses best suited to the student's educational achievement level, needs, and abilities. No student shall be assigned to a grade level more than three (3) grades above or below the grade level that the student would have been assigned by the school from which transfer was made.

Nothing in this policy is intended to prejudice the education received by a student in any nonaccredited school, but only to assure maintenance of educational standards within the District.

STUDENT SCHEDULE CHANGES

Students desiring to make changes in their schedule must make a written request through the school counselor. Students will not be permitted to change schedules without the approval of the principal. Before a teacher can drop a student from his/her roster, the student must present the teacher with a written statement from the principal authorizing the change. All class changes must be approved by the school principal. As a rule, schedule changes will not be granted after the first 10 school days of the start of class.

*UNDERCLASSEMEN ARE NOT ELIGIBLE FOR EXEMPTION.

REPORT CARDS/PROGRESS REPORTS

A report card depicting a student's progress during each term will be issued on the dates as indicated on the school calendar following an evaluation by the appropriate teacher, teachers or other professional personnel. In addition, parents will be sent progress reports during each grading period. This progress report shall indicate grades of the student to date. Written notices of unsatisfactory progress may be sent home whenever necessary to keep parents informed of declining grades. All reports to parents should be signed and returned to the teacher within two school days. (With the exception of NPHS).

PROMOTION/RETENTION

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the certified staff, such exceptions are in the best educational interest of the students involved. The final decision will rest with the school principal.

1. Kindergarten: Should master 70% of the objectives for each standard set forth by the MDE for both English/Language Arts and Mathematics. If mastery of either area is not met, the decision to promote or retain shall reflect consideration of the child's level of social, physical, and mental development, as well as the student's level of achievement.
2. 1st Grade: Should pass reading and math. If either is not passed, the decision to promote or retain shall reflect consideration of the child's level of social, physical, and mental development, as well as the student's level of achievement.
3. 2nd – 4th Grades: Must pass English/Language Arts and Math. If any one of these is not passed, the student is retained.
4. 3rd Grade – 3rd graders must meet all promotion requirements as outlined in the Literacy-Base Promotion Act of 2013. Beginning in the 2014-15 school year, a student scoring in the first or second achievement level in reading on the established state assessment for 3rd grade will not be promoted to 4th grade unless the student meets the Good Cause of Exemptions for promotion.
5. Please see your building principal for an explanation of these requirements.
6. 5th – 8th Grades: North Pike Middle School students shall be promoted to the next grade level once they satisfy all promotion requirements. A student who fails to meet a requirement shall be referred to an academic committee consisting of grade level teachers, and the counselor. This team will make recommendation concerning retention to the school principal. The school principal will make the final decision concerning retention or promotion.

Promotion Requirements:

65% numeric average in Language Arts, Math, Science, and Social Studies.

Students must complete all required work for each grade/course. All courses follow the guidelines found in the k-12 Mississippi Curriculum Frameworks.

7. 9th – 12th Grades:
In order for students to be promoted at the high school level, the student must earn the following credits:
Sophomore Classification: 6 credits
Junior Classification: 12 credits
Senior Classification: 18 credits
Students must take subject area tests in English II with a writing component, Algebra I, U.S. History and Biology.

HONORS COURSES – HIGH SCHOOL STUDENTS

Honors courses offer increased rigor, utilizing the core curriculum for the class as a baseline and expanding the content and depth of knowledge. Honors courses are typically chosen for students who are interested in becoming more academically prepared for the rigor of advanced course offerings.

Prerequisites for enrollment are listed below:

HONORS COURSE PREREQUISITES

Must obtain two of the three-

- 95% or higher attendance the year prior
- 85 or higher feeder course average
- Advanced score on most recent state test applicable to the subject

Required in addition to the above-

- *Teacher Recommendation by feeder course teacher*

HONORS COURSES OFFERED

- Honors English I
- Honors English II
- Honors Chemistry
- Honors Physical Science

WEIGHTED COURSES- HIGH SCHOOL STUDENTS

AP and Dual credit courses offer a much more advanced and fast paced curriculum to accelerate learning. Students must attend regularly in order to be successful. A student who elects to commit to the increased rigor of AP and Dual Credit courses will be required to attend classes at least 95% of the time. Failure to attend the required amount will result in a loss of course weight. School related functions such as athletics, band, or academic completions will not count towards a student's 95%, however, non-required field trips will count in the 95% attendance calculation.

AP/ DUAL CREDIT COURSE PREREQUISITES

Must obtain two of the three-

- 95% or higher attendance the year prior
- 85 or higher feeder course average
- Advanced score on most recent state test applicable to the subject

Required in addition to the above-

- Teacher Recommendation by feeder course teacher
- Student must sign a participation contract that requires a student to remain in Dual Credit/ AP course after the first 10 days of the school year unless special exception is granted by administration for extenuating cause.

METHOD OF COMPUTING A NON-WEIGHTED GPA

A non-weighted numerical average will be taken on all courses with the exception of Band, Physical Education, Driver's Education, and Varsity Sports. A non-weighted GPA is determined by dividing the SUM of the NUMERICAL GRADES by the Total NUMBER of CREDITS EARNED. NOTE: Semester Courses: The numerical grade is halved before being calculated into the Total Numerical Grade.

METHOD OF COMPUTING A WEIGHTED GPA

A weighted GPA will be calculated on all Advanced Placement courses, Dual Credit courses, and all other Weighted Classes by using the multiplier listed below:

NORTH PIKE SCHOOL BOARD POLICIES ON DISCIPLINE STATEMENT ON DISCIPLINE

The North Pike School District is mindful of the community's concern about safety and discipline in our schools. It is the responsibility of the District to provide a situation where learning can take place and students are safe. When students come from a home environment where parents have a positive attitude toward learning and support the rules and regulations of the school, the problems of misconduct and discipline are minimized.

Teachers may request and principals may require attendance of a counselor or other personnel at scheduled conferences.

PUBLIC CONCERNS AND COMPLAINTS

LUNCH/MEALS

It is the policy of the North Pike School District to not allow charging of meals.

It is understood that money may be forgotten occasionally. When this happens, the Child Nutrition Office will contact parents by letter and/or phone for K-8th grade students. The 5th-8th grade students will also be reminded by the cashier that their account is low. If your child is in the negative of \$10.00 or more on Monday afternoon, he/she will start receiving an alternate meal the following Monday if the account is still negative.

The high school manager and high school principal will handle negative balances and alternate meals at the high school. Cashiers will tell students when their account is getting low. Students with a negative balance of \$10.00 or more will be handed a note reminding them to bring money the following day. If the student does not have money to pay the balance owed, he/she will receive an alternate meal the next day unless a parent calls the Child Nutrition Office (601-276-3129) to make payment arrangements.

CONDUCT AT ALL SCHOOL SPONSORED ACTIVITIES

When attending extracurricular activities, students are expected to follow the rules and regulations established for operation of the schools. Student misconduct during extracurricular activities will be subject to disciplinary action in accordance with district policy.

STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR

Students and employees in the North Pike School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

DEFINITIONS

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

PROCEDURES FOR PROCESSING A COMPLAINT

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. A written report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's appearance before the Board.

PARENT INVOLVEMENT IN EDUCATION

All schools are encouraged to have a formal parent-teacher organization in which parents, teachers and administrators work together for the support and improvement of the schools. Each school's organization must have formalized by-laws that receive principal and membership approval.

STUDENTS AND NEWS MEDIA

The school district will publish the name and/or picture of a student in school publications or school-related articles or include students in other school-related news media programs unless prior requests have been made by a student's parent/guardian for exclusion of his/her child's name or picture from such publications or news media programs.

SOCIAL MEDIA

The District has a policy that addresses the Internet and Social Media, which applies to all employees and students. By signing the Acceptable Use Policy, users are acknowledging they have read and agree to abide by the Internet and Social Media guidelines

HEAD LICE

Teachers may screen all students in their classroom for signs of lice. Students who are found to have nits, lice, or suspected of having either will then be sent to the school nurse. The following actions will be taken:

1. Once the school nurse confirms viable eggs or live eggs, the parents will be notified by phone call and written letter recommending several methods to eradicate the infestation.
2. Upon returning to school, the child must bring a note from home stating what treatment was used.
3. Eight days after the first treatment, the child should be retreated and again bring a note from home stating what treatment was used.
4. When a child presents with live lice or viable eggs the second time, the parents will be called in to speak with the school nurse regarding treatment modalities. In addition, the above treatment regimen will again be followed.
5. On the third occurrence of live lice or viable eggs, the parents will be called in to meet with the principal and the school nurse to discuss the situation.
6. On the fourth occurrence of live lice or viable eggs, the school nurse and the school counselor will conduct a home visit to offer treatment suggestions or be referred to the Department of Health.

**NORTH PIKE SCHOOL DISTRICT
NETWORK AND INTERNET
ACCEPTABLE USE POLICY**

North Pike School District provides a service to schools in a wide-area computer network, which includes access to the Internet.

VISION OF THE NORTH PIKE SCHOOL DISTRICT NETWORK:

The vision of North Pike District supported network is to be an active participant in the creation of an educational environment where all citizens can take full advantage of technological resources to develop the lifelong learning skills necessary to be productive in an information- driven, globally competitive society.

GOALS OF THE NORTH PIKE SCHOOL DISTRICT NETWORK:

1. To provide electronic mail service and electronic conferencing capabilities to public school professional employees;
2. To provide basic networking services to public education users;
3. To provide opportunities for wide area networking (interstate and international) by promoting the addition of full Internet services where economically feasible and deemed appropriate by the State Board of Education.
4. To provide for both administrative and instructional file transfer capabilities where feasible.

All use of the North Pike network shall be consistent with the purpose, goal, and mission of the network. Successful operation of the network requires that its users regard the North Pike network as a shared resource, and cooperate to form a community of diverse interests in an effort to promote educational excellence. It is therefore imperative that the North Pike network members conduct themselves in a responsible, decent, ethical, and polite manner while using the network. Further, they must abide by all local, state and federal laws. To ensure the smooth and continued operation of this valuable resource, members must accept the responsibility of adhering to high standards of professional conduct and strict guidelines.

The intent of the Acceptable Use Policy is to ensure that all uses of the North Pike network are consistent with its vision and goals. The North Pike network is an open network in both implementation and spirit and encourages the pursuit of higher knowledge. However, it is important to recognize that with increased access to computers and people all over the world also comes the availability of controversial material that may not be considered of educational value in the context of the school setting. Further, the North Pike network recognizes the importance of each individual's judgment regarding appropriate conduct in maintaining a quality resource system. The following guidelines should be considered:

1. Any use of the North Pike network for illegal or-inappropriate purposes, accessing materials that are objectionable in a public school environment, or supporting of such activities is prohibited. Language that is deemed vulgar is also prohibited.
2. All use of the North Pike network must be in support of improving public education and educational research, consistent with the purposes of the network.
3. The following uses are prohibited:
 - Any use for commercial purposes or financial gain;
 - Any use for product advertisement or political lobbying;
 - Any use for which will serve to disrupt the use of the network by other users;
 - Any use of the Internet to create or distribute pornographic material.
4. The North Pike network accounts will be used only by the authorized owner of the account. Account owners are ultimately responsible for all activity under their account.

5. Great care is taken by the North Pike network's administration to ensure the right of privacy of users. The Children's Online Privacy Protection Act (COPPA) requires that any website or online service that is directed to children obtain parental consent before collecting information from children under the age of 13. Therefore, users are not to give out personal information like home addresses, telephone numbers, names, or social security numbers.
6. North Pike School District does not have control of the information on the Internet. Some sites accessible via the Internet may contain material that is illegal defamatory, inaccurate or potentially offensive to some people. These sites should be avoided.
7. The Children's Internet Protection Act (CIP A) requires that schools and libraries that receive specific federal funds must certify to the funding agency that they have in place an Internet Safety Policy. Such a policy should use technology that blocks access to obscenity, child pornography, or material harmful to minors. It may also include monitoring of children as they are online. The North Pike School District uses a filtering system and also uses labs set up in "U" shapes to monitor Internet use by students. Before students (minors) are allowed access to the network or internet, they must be educated about appropriate online behavior, including interacting with other individuals or social networking sites and in chat rooms. Instruction of students targeting cyber bullying awareness and response will occur before allowable use of the internet by students. Mississippi Department of Education resources will be used for training when available.
8. Under prescribed circumstances, public school students' use of the Internet may be permitted, provided school officials maintain proper supervision.
9. As necessary, the North Pike School District will determine whether specific public education uses of the network are consistent with state policy. The Mississippi Department of Education will be the final authority on use of the network and the issuance of public education user accounts.
10. Violations of the provisions stated in this policy may result in suspension, revocation of network privileges, or legal charges being filed.

STUDENT TECHNOLOGY ACCEPTABLE USE POLICY

Dear Parent/Guardian & Student:

North Pike School District is pleased to offer students access to computer usage to enhance academic development and skills in using media that are commonly found in all aspects of our daily lives. North Pike School District is CIPA (Child Internet Protection Act) and COPPA (Children's On-line Privacy Protection Act) compliant. Recognizing that no filtering solution can be 100% effective, it is understood that all technology protection measures do not and will not work perfectly. In complying With CIPA, North Pike School District is expected to engage in a "good faith effort" to abide by the requirements of CIPA/FERPA. CIPA/FERPA does not create a private right to action, meaning that the discovery of objectionable material on a computer cannot result in a lawsuit complaining that a school violated CIPA/FERPA.

Due to the fragile nature of the equipment being used and the nature of much of the material available over the Internet, this form must be signed by you and your child before use of the equipment will be allowed. The use of the Internet is a **PRIVILEGE**, not a right, and inappropriate use will result in a cancellation of those privileges and/or disciplinary action. The administrator of the school and/or the superintendent will determine if an action is inappropriate use and their decision is final. This is a legal binding document.

As a North Pike School District parent, I understand that my child is enrolled in the North Pike School District and will need to be able to use the computers/equipment at school. I understand, as well, that my child may be involved in research projects and class activities involving the Internet.

As parent or guardian, I also understand that I will be responsible for my child concerning the following items:

1. Students will not use the internet provided at their school for illegal purposes of any kind.
2. Students will not use the Internet provided at their school to transmit, receive, or view material that is pornographic in nature.
3. Students will not use the Internet provided at their school to transmit, receive or view material that is threatening or harassing in nature.
4. Students will not use the Internet provided at their school in an attempt to gain access or “hack” on the schools’ networks.
5. Students will not use the Internet provided at their school to access any student records existing on the schools’ networks.
6. Students will not use the Internet provided at their school to propagate computer viruses.
7. Students will not use the Internet provided at their school for the purpose of lobbying or distributing of political information.
8. Students will not use the Internet provided at their school for commercial ventures of purchasing, selling, taking orders, or placing orders. North Pike School District is not responsible for credit card fraud and theft incurred by using personal or commercial credit card numbers on the Internet access provided at the school.
9. Students will not damage, abuse or misuse the equipment provided for their use at their school.
10. Students will not make changes to the screen or appearance of the desktop on computers provided at their school.
11. Students will not load games or other software brought from home or downloaded from the Internet onto the computers provided for their use.
12. Students will not use the Internet provided at their school to access social networking websites such as “MySpace,” “Facebook,” “Twitter,” “Instagram”, “Snapchat” etc.
13. Students will not use the Internet and/or computer to violate any state or federal law (i.e. Copyright law).
14. Students will not attempt to bypass school internet filters by way of internet proxy sites.
15. Students will not use the Internet provided for cyber bullying and will agree to report such to the administration.

The above items take into consideration the necessity for Internet access for educational purposes as well as personal development. The primary purpose of the Internet access provided by North Pike School District is for research and discovery or educational media and information.

NOTIFICATION OF AHERA COMPLIANCE

Dear Parents, Students and Staff of the North Pike School District:

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), in the fall of 2014 inspections were performed at each of our school buildings to identify and assess the condition of all Asbestos Containing Building Materials (ACBM). Management Plans were then developed to establish guidelines for managing the ACBM. The EPA requires re-inspections of the asbestos materials every three years with continued surveillance reports and documentation of any and all activities involving the disturbance of asbestos materials to include: abatement, repairs, cleanup, etc. Management Plans containing documentation of all activities involving ACBM are on file at the district administrative office and at each school administrative office. The Management Plans are available for view by the general public anytime during normal school hours (M-F, 8:00 a.m. – 3:00 p.m.). The Asbestos Program Manager will be available to answer any questions you may have regarding asbestos in our buildings.

Sincerely,

Mr. Dennis Penton
Superintendent
North Pike Schools
